

2018 Bev LaPointe Memorial Scholarship for Women in Trades

Details

The Bev LaPointe Memorial Scholarship for Women in Trades has been established by Kootenay Career Development Society in memory of founding Board Chair, Bev Lapointe. Bev served KCDS from May 2004 until December 2012 and was passionate about the work of the society. She was a strong supporter of job seekers and workers in our community and always championed worker's rights. She was fierce in her defense of women's rights both in the workplace and community. She committed many years to the Canadian Union of Public Employees working as President of CUPE 339 Nelson Municipal workers, General Vice President on the CUPE BC executive board, chair of CUPE's BC environment committee and member of CUPE's National environment committee.

Bev was the FIRST woman hired to work for the City of Nelson and was employed with the city for 32 years (1980-2012) working in parks and public works. Locals often saw her travelling down the street in her snow plow, bus or street sweeper, joking "you bet I drive like a woman!"

Launched in May of 2016 the Bev LaPointe Memorial Scholarship for Women in Trades offers a \$2000 scholarship to a full time or part time female student in the trades. The scholarship is meant to support women interested in a career path that has been under-represented by women. In 2011, women accounted for only 14% of registered apprentices and were concentrated in certain trades, including hairstylists and cooks, with small proportions in most other trades. Women account for only 2% of carpentry apprentices, 1.9% of plumbing apprentices, and 1.5% of heavy equipment apprentices. (Source: Statistics Canada) The successful applicant must be accepted by an accredited college, university, vocational school, or apprenticeship program validated by the ITA for trades.
